## SUMMARY

Diligent Full Stack Developer with more than 2 years of experience working with HTML, CSS (+SASS, Tailwind), JavaScript, jQuery, TypeScript, React and NextJS. Always learning new technologies and improving existing skills. Passionate for creating modern, accessible and effective websites and web applications. Loves writing readable and easily-maintainable clean code.

## SKILLS

**Core stack:** HTML, CSS (SASS, Tailwind), JavaScript, TypeScript.

**Libraries/Frameworks:** React, NextJS, Astro.

**Databases:** MongoDB, PostgreSQL.

**Backend:** NodeJS, Go.

**Misc:** Zod, Redux, Auth0, D3js, Framer Motion.

**Languages:** Russian (native), English (C1), German (A1, currently learning).

## PROJECTS

### WIITCO (When Is It Coming Out)

<https://wiitco.vercel.app/> | <https://github.com/pogorskii/wiitco-app> • November 2023 – Present

- Created a modern NextJS/TypeScript SPA that solves a real-world problem.
- Combined vastly different APIs into a cohesive and comfortable interface.
- Set up PostgreSQL to store movies, tv shows and video games data.
- Converted external games DB from error-prone noSQL to robust PostgreSQL.
- Implemented additional Go backend to handle DB syncing.
- Implemented Auth0 authentication.

## EXPERIENCE

### Head Editor of Games and Movies

Sports.ru

January 2022 – Present

- Lead a team of 10 authors.
- Established connections with 20+ publishers and gaming companies.
- Increased Games and Movies views by 150%+.

### Frontend Developer

Freelance

February 2022 – November 2023

- Created various websites and landings using clients' Figma files.
- Made designs more accessible and consistent, improving contrast, typography and spacing.
- Implemented interactivity, ranging from animations and carousels to cleaning cost calculators for users.

### Author

Sports.ru

June 2019 – December 2021

- 400+ articles about various topics, including video games, movies and IT.
- A guest presenter at a live awards show.
- Interviews with English-speaking developers without a translator.

## EDUCATION

### Lower post-secondary vocational education in Programming

Khimki College of Space Engineering • Moscow, Russia • 2017

## CERTIFICATIONS

### The Complete JavaScript Course 2023: From Zero to Expert!

Udemy • 2023

- Learned all the core principles and patterns of modern JavaScript.
- Build web apps using DOM manipulation before diving into React and other libraries/frameworks.
